Wolverines Split Weekend Games; Record Fifth Win

Manogue Wins 55 - 32 As Loyalton Loses To Local Five

Tahoe - Truckee High School's Wolverines settled for a split in their weekend series of basketball play as they were dropped from the undefeated ranks Friday night by Manogue's Miners, 55 to 32, and then added their fifth win of the season Saturday night at home as they out-lasted Loyalton for a hard-earned 55 to 53 triumph.

The conference loss to Manogue was a bitter pill to swallow for the Wolverines, who have never defeated a Miner varsity squad. But a red-hot green and gold clad team from the Catholic school could not miss and ran up quarter leads of 16 to 6, 30 to 18 and 47 to 28 against a cold and nervous Tahoe-Truckee club.

Saturday night's game was a far different story for Coach Con Briner's charges as they out raced and out shot the Grizzlies in a thrilling non-conference tilt. The Wolverines led at the intermission by 31 to 23 after trailing 13 to 12 at the end of the first period.

Going into the final quarter the local team held a 45 to 38 lead, only to see the fired-up Grizzlies come from behind and tie up the game at 51-all with three minutes left. But a driving lay-up by Marty Prescott followed and two "insurance" free throws by Bob Trask put the Wolverines out in front with only seconds remaining and left the home team with a narrow 2-point victory.

The Tahoe-Truckee Cubs also split their weekend series as they took the measure of a Manogue J. V. team, 54 to 39, and then lost to the once-beaten Loyalton B team 39 to 32.

Coach Jim Brehler's junior squad showed good speed and rebounding ability both nights, but too many fouls spoiled their chances of pulling an upset against Loyalton in their final meeting of the season.

KIM FONG LEAVING TO SELECT BRIDE

Kim Jam Fong, 29 year old Truckee Chinese, leaves San Francisco Saturday by plane for Hong Kong where he will be married and return with his bride to Truckee in about two months.

Kim's brother in law, Edward C. Wong of Sacramento was here this week making final arrangements for his relative's round trip.

The prospective bridegroom is a native of Sacramento but went to China at the age of 18 months where he remained until 1952 when he returned to his native land. He met his bride to be while in China.

For the past four years, Kim has resided in Truckee and has been employed at Goodfellow's Cafe and The Pastime. He plans to resume his work here immediately upon his return.

Rare Coin Collection Displayed At School

Spectators at Saturday evening's basketball game had the opportunity to see a collection of old and rare coins now on display in the High School lobby. Coins as old as 290 B.C. and as rare as the one depicting Ferdinand V of Spain are among the collection. This Spanish coin is an example of the coin of exchange at the time Columbus sailed to discover America Other countries represented are Austria, England, France, Italy and Russia.

This is the third of several exhibitions of antiquities the Community Center Library will arrange for all visitors to the library and high school to see. The present one will remain throughout this week.

Quarantine Family Is Leaving For Southland

Mr. and Mrs. Ronald Ireland and son Bryan are leaving shortly after the first of the month to return to San Diego where he has received the promotion as entomologist with the California department of agriculture.

Ireland arrived here a year ago and has since been working in the local quarantine station of the department and the family has made many friends during their brief stay.

Clint Grady will arrive from Blythe to replace Ireland and will be accompanied to his new location by Mrs. Grady and their two sons.

Son Is Born

Lance Richard are the given names of the 6 pound 6½ ounce son born at 8:58 p.m., Monday, January 23, to Mr. and Mrs. Reginald Olson of Truckee at the Tahoe Forest Hospital. Dr. L. D. Nelson was the attending physician.

Norden Robber To Be Sentenced As Guilt Is Established

Clarence Smith, 30 year old Sacramento negro, this week pleaded guilty to a charge of armed robbery in an attempted holdup of the Norden Store on September 24th and will be sentenced by Judge James Snell February 3rd.

Smith admitted that he and another man, currently serving a term in San Quentin, entered the store on the evening of the 24th and threatened Mrs. Lena Fredericks and her father at gun point. Mrs. Fredericks, who with her husband Otto, own the store, managed to escape through a rear door and spread the alarm.

Smith is presently on parole from San Quentin where he had been serving a term for armed robbery in Sacramento.

During the robbery of the Norden store, several shots were fired as the suspects made their escape in the darkness. Smith at first denied any knowledge of the attempted robbery.

Four Accidents In Area Investigated

Four motor vehicle accidents in which two people were hospitalized with minor injuries, were reported by the California Highway Patrol in this area during the past week.

A 1947 Dodge was ditched five miles east of Truckee Saturday and was completely demolished but when Patrolman William Gautsche arrived at the scene there was no one near the wrecked car. The vehicle was registered to Gregory Lawton, Winnemucca.

Mary Sue Fife and Richard Gerson of Sausalito where hospitalized with minor injuries Friday night when a car driven by Willard Norberg of San Francisco collided with a Garrett Freight Lines truck operated by Harold Hadden of Berkeley on Donner grade. Norberg was cited by Patrolman Gautsche for being on the wrong side of the highway.

Occupants of cars driven by Leroy Moore, El Cerrito, and Theresa Sylvia, San Francisco, escaped in a collision half a mile east of here Saturday at 1:40 a.m.

State Patrolman Martin Sturcke escaped injury Sunday afternoon at Soda Springs when his patrol car was struck by one driven by Wayne Acker, Lodi, who backed from a parking space into the official car. Patrolman Gautsche cited Acker.

House Warming Held For James Coopers

Mr. and Mrs. James Cooper of Meadow Park district were surprised by a group of friends on Saturday evening who took part in a house warming.

The couple was presented with a gift for their home and Mr. and Mrs. M. E. Brown were hosts at a dinner given in Brown's Restaurant.

Mrs. Dorothy King Is Hostess At Gathering

KINGS BEACH— Mrs. Dorothy King was hostess at an informal gathering at her home here on Wednesday afternoon where the ladies prepared 150 bed pads for the veterans hospital at Reno. The group of the V. F. W. Auxilliary, No. 7077 of Crystal Bay, Nevada who met with Mrs. King included Mesdames Ethel Antonson, Bernita Jones, Peggy Rhodes, according to the secretary Pearl More.

Move North

Mr. and Mrs. M. Levy and their daughter, Miss Carol Levy have moved from Santa Barbara to San Francisco where they have taken an apartment. The family are early arrivals at Lake Tahoe in the spring as well as frequently visiting the area during the winter.

To Oregon—

Mrs. Walter Franklin of Los Angeles will leave here the first of February for Eugene, Oregon where she will see if the rain is worse than southern California smog, according to a note received by local friends. Mrs. Franklin plans to return to Lake Forest for the summer months in May.

18 Millions Will Be Spent On Local Highway In Year

Contracts Expected To Be Awarded For Projects This Year

The California Department of Public Works has budgeted $17,850,000 for improvements on U. S. Highway 40 for the 1956-57 fiscal year, according to a listing of construction projects in the official journal of the division of highways, California Highways and Public Works.

Of this total, $2,600,000 has been budgeted for 5.4 miles of four-lane expressway from the Nevada state line to Floriston in Nevada and Sierra Counties.

Another $3,250,000 will go for construction of a four-lane expressway from Heather Glen to Colfax, a distance of 6.1 miles.

A six and a half mile expressway from Colfax to Gold Run will cost $3,900,000 while another four lane strip from Auburn to one mile east of Newcastle is proposed.

These figures do not include plans for four laning Highway 40 from Floriston to the Tahoe Truckee Wye to cost over $8,000,000 and another strip from Hampshire Rocks to Soda Springs costing over $2,000,000 planned for the next four years.

While the immediate construction of the latter two projects may hinge upon the approval of Squaw Valley as site for the 1960 Winter Olympic Games, they are included in the normal planning program of the divisioin for the near future, State Engineer George McCoy has indicated.

Miss Dorene Quam Weds Michael O'Rourke In Ceremony At Minden

Miss Dorene Quam became the bride of Michael O'Rourke on Saturday at a ceremony performed by G. W. Fisher, justice of the peace at Minden, Nevada.

The couple was accompanied to the wedding service by Mr. and Mrs. Everett O'Rourke, parents of the bridegroom, Mrs. Gladys Quam, mother of the bride and William Curry.

The newlyweds are well known through out the district where they attended school and have been employed since graduation. Following the marriage Mr. and Mrs. O'Rourke spent the weekend in Nevada and on Tuesday he left for Fort Mead, Maryland where he is training in a U. S. Army tank school.

Mrs. O'Rourke is continuing her position at Tahoe City with the Pacific Telephone Company.

FELLOWS WINS AT SQUAW VALLEY MEET

It rained hard at Squaw Valley last Sunday but the snow was fast and the birthday slalom was run off with Lewis Fellows and Bob Kolak of Sierra College copping top honors.

Racing for the Squaw-Tahoe Club, Fellows was clocked at 83.2 seconds for the course. Second place went to Jim Baker, racing for Squaw-Tahoe whose time was 85.7 and Bill Briner of the same club came in in 86.5.

Baker won the men's Open Class and Kolak the B event, Kit Schull was second in the B race.

The women's A event went to Lynda Meyers of Mammouth Mountain.

Starr Walton, Sacramento, finished first in the woman's Class B with Mary Ann Tonini, Truckee, second.

The men's class C was won by Peter Klaussen of Squaw-Tahoe.

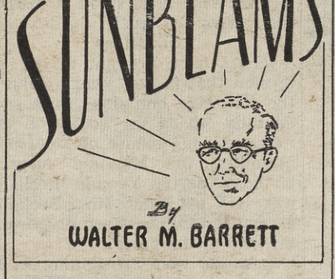
Charles Fink of Truckee Athletic Club was tenth in the open division.

Sun Valley Legend Gives Squaw Valley Man Start

An Associated Press report from Cortina, Italy, this week tells of a shock received by Alex Cushing of Squaw Valley when he entered a local shop and saw Olympic souvenir scarves displayed.

He paled, the report said, when he read the printed legends: 1948- St. Moritz; 1952- Oslo; 1956- Cortina d'Ampezzo; 1960- Sun Valley, Idaho.

SUNBEAMS



By WALTER M. BARRETT

The recent loss of more than $3,000 worth of merchandise from a local store may have been prevented if this district had been granted its long-standing and well merited request for a second deputy sheriff to assist in law enforcement here. The single deputy, at the time of the robbery, was on an urgent call to Soda Springs and no doubt the burglars knew this and also knew that because of the lack of adequate enforcement, local stores are a push-over. Lesser crimes in the area are frequent and will become more and more pronounced until the powers that be find it advisable to correct a very sorry and unnecessary situation. From the amount of revenue which this community turns in from various sources, ear-marked by law to be used for law enforcement, it certainly receives little in return, and we can only hope that action will not be too long delayed in providing this requirement.

St. Louis Club Is Leading Series

The Truckee Athletic Club's basketball series started off with a bang Thursday night with the Telephone Company defeating the 20-30 in a spirited overtime game 35 to 33. Dale Freeland was high point man for the phoners with 13 points and Ken Gordon scored 14 for the 20-30.

In the second game of the series, the St. Louis Cafe won from Jim's Barber Shop by a score of 68 to 33. Larry Williams scored 15 points for the cafemen and Rameriz with 8 points was high for the barbers Both games were interesting and well played.

Monday night in the first game the St. Louis team beat the American Legion in a close contest 48 to 41. Williams was again high point man with 17 and Garcia with 7 was high for the vets.

In the second game Jim's Barbers beat the phone men 63 to 57 with Dixon leading the scoring for the barbers with 20 points and Freeland with 24 topping the linemen.

Tonight will see two more games at the high school gym at 7 p.m. when the St. Louis meets the phone company and the 20-30 play the Legion.

All the games have been exciting to watch and everyone is invited to come out and watch the sport. A real evening of thrills is in store for those who watch.

GREENS LEAVING ON VACATION FLIGHT

Mr. and Mrs. Matt Green of Sacramento and former owners of Tahoe Tavern are planning to leave San Francisco on Saturday where they will take an airplane Sunday morning to arrive in Honolulu the same afternoon.

The well known couple will have an apartment near the beach and will stay in the Islands until they become homesick for the mainland, according to Green.

Mr. and Mrs. Glenn Greene, also former Tahoe City residents, will accompany their friends to the airport and Glenn Greene will look after the Matt Green's hotel property in the capital during their absence.

February 4 Is Last Day To Register Vehicles

The final day on which owners of motor vehicles may renew their registration without paying penalties is Saturday, February 4, Paul Mason, director of motor vehicles, has announced.

After that date, it was pointed out, penalties doubling some fees and amounting to 50 per cent additional in others will be added.

While the office here closed for registration renewals ten years ago, owners may send their applications to Sacramento for processing.

Sherritt Named On Fair Board To Represent District

Governor Knight Names 3 Members For County Fair Group

James Sherritt, well known throughout eastern Nevada County and resident of Soda Springs for many years has been named by Governor Goodwin J. Knight to serve on the 17th Agricultural Association board of directors. This association handles details of the Nevada County fair held annually at Grass Valley.

Sherritt replaces C. Edmunds, an original member of the board, who recently resigned the post to accept a position as member of the California-Nevada Water Compact Commission.

Sherritt, a former stockman, is a member of the Tahoe Forest Hospital board of governors, a past president of the Truckee Rotary Club, and has been active in eastern Nevada County community affairs for many years. He owns business property in Truckee.

At the same time, Governor Knight announced the reappointment of Malcolm Hammill, Grass Valley cattleman, for another four year term ending January 15, 1960, and named Robert K. Graham, Nevada City lumberman, to succeed Leland Smith of Nevada City whose term expired January 15th.

Sherritt's term of office will end January 15, 1957, that being the termination of Edmund's appointment.

GREAT BOOKS CLUB WILL MEET TONIGHT

Much interest has been shown in the Great Books discussion group which plans to hold its first meeting tonight, at 8:00 p.m. in the Tahoe Truckee High School library.

Numerous local interested citizens have already registered with Roy Baker, community center librarian. Although advance registration has been quite satisfactory, it is hoped that those people still interested in participating in this stimulating program will attend the first meeting.

This new Great Books discussion group is being organized along the lines set up by the Great Books Foundation in 1947 and which now has spread all over the United States. The discussion group which will meet every two weeks plans to read and exchange ideas with fellow citizens at the Great Books roundtable.

Baby Sitting For Skiers Announced By Lodge

Something new has been added by Mr. and Mrs. Gerald Waters at their Deer Park Lodge near Tahoe City for parents who wish to use the skiing facilities of the popular resort, accompanied by their children.

The couple has equipped a cottage on their property for the care of the youngsters which will be under the supervision of Elsa Noz while mother and father have free time to pursue the art of skiing.

Wednesday is known as Ladies Day at the lodge when special rates are given to those who are interested in the invigorating exercise.

Rotary Clubs Contribute To Valley Flood Victims

Rotary Clubs of Cal-Vada District No. 164 have contributed $6,881.65 to flood victims during the past three weeks. This was announced at Monday night's meeting of the local club. Even those clubs in Nevada where flood damage was not slight, sent their contributions to the victims of the Yuba City disaster.

A musical trio comprising James Pringle, James Allen and Douglas Wilson provided enjoyable entertainment at Monday's meeting.

In South

Mr. and Mrs. H. I. Snider have left their place at Kings Beach to spend several months at Santa Cruz where, Snider said, he wants to catch some big fish. The family of John Rhodes has moved into the house vacated on Sunday by the Sniders.

Red Cross Election Slated Friday As Fund Drive Made

Nomination of officers for the local unit of the American Red Cross and other important matters will be on the agenda for the Friday, January 27 meeting of the Truckee branch of the Nevada City chapter to be held at 8 p.m. in the office of the justice of the peace in Truckee.

Earl Stice is chairman of the local group and all members and potential members are urged to be present.

Mrs. Beverly Wilson, home service chairman, points out that never before has the need for funds for Red Cross work been more acute. Nationally, it was revealed, less than a million dollars remains in the treasury for the next six months relief work.

The floods throughout Northern California have taxed the Red Cross funds, already stretched by floods in the eastern states and disasters in other sections of the country.

Anyone desiring to contribute to the fast diminishing relief fund, is urged to contact Mrs. Wilson.

Cans for depositing money for flood victims contained on Tuesday $20 from Soda Springs and $53.68 in Truckee.

Foul Weather Is Continuing Here

Thirty-five of the past 45 days have resulted in precipitation being recorded in the area and as a result the total for the season at noon Wednesday stood at 37.49 inches.

This represents more than 10 inches over 27.38, the normal for an entire year.

During the past week 2.39 inches of precipitataion have been recorded by the U. S. Forest Service at Truckee bringing the total for January to 10.25 inches or about five inches over normal for the month.

The precipitation during the past week has been principally in rain although 12 inches of new snow fell making a total of 30 inches on the ground yesterday.

The high temperature for the week was 41 degrees on Saturday and the low was 17 on Tuesday.

Heavy wet snow, whipped by a strong wind, resulting in blizzard conditions featured the local weather picture this morning. The slushy snow made travel difficult. A foot or more of snow fell in Reno during the storm.

Charles Glenn Feted At Birthday Observance

Charles Glenn was feted by his parents, Mr. and Mrs. Wilber Glenn on his 11th birth date last Friday when they invited 20 class mates to share a special cake and ice cream. Mrs. Joseph Straub assisted the hostess.

The ten couples later the same evening attended the Girl Scouts, Troop No. 3 dancing party given in the Wyethia Club building with Mrs. Fred Pedley, leader, as hostess of the affair.

CHANGE ANNOUNCED IN PHONE PERSONNEL

Changes in the personnel at the Truckee telephone office were announced this week by Manager Charles Berlenbach of Tahoe City.

Mrs. Gladys Quam, who until recently was operator at the Tahoe City exchange, has been named evening chief operator at Truckee succeeding Mrs. Dorothy Morhain, who has been promoted to chief operator at the Quincy office.

Mrs. Quam worked in the Truckee office as operator from 1951 to 1954 when she transferred to Tahoe.

Mrs. Morhain is a veteran operator and for several years has been employed in the local office.

LAKE LEVEL

TAHOE CITY— The level of Lake Tahoe Monday stood at 6227.08 feet with all gates into the Truckee river closed. There were 32 inches of snow on the ground at Tahoe City.

All members of Summit Temple No. 79 Pythian Sisters are urged to attend the meeting to be held tonight in Odd Fellows Hall.

Edith Welch will preside at the important meeting.

Olympics Assured If Fund Provided By State In March

Games Under Way; Local Supporters Override Objections

Bulletin

With a scarcity of snow and dangerous ski runs, the Seventh Winter Olympics got under way at Cortina, Italy today. They will continue through next week.

At the same time announcement came from the meeting of the International Olympic Commission that Squaw Valley can have the 1960 games if assurance is given by April that the required money to provide facilities is available.

Despite the reported competition from the Austrian delegation, there seems little doubt that the 1560 Winter Olympic games will be held in Squaw Valley, as originally voted by the International Olympic Committee in Paris last June.

There remains one hurdle to cross and a highly placed source at Cortina, Italy, where the IOC met yesterday says that if California legislature fails to appropriate an additional $4,000,000 to add to the $1,000,000 appropriated before the Paris meeting to stage the games, the IOC meeting at Stockholm in June may request California to relinquish the project.

Heard Wednesday

Squaw Valley representatives, headed by Alexander Cushing, were heard by the IOC yesterday. They weren't too happy, either. Brochures covering the progress report dispatched here by air failed to arrive.

Although already awarded the games, Squaw Valley ran into strong competition from the Austrain delegation which is boosting Innsbruck.

Cushing told IOC members that it was a "dead certainty" that California would raise the needed 5 million dollars.

"We have both democratic and republican leaders behind us," Cushing said. "Governor Goodwin Knight favors the appropriation. West coast newspapers have polled members of the legislature and found overwhelming support."

"Do As Well"

The American delegation, consisting of 17 sports, political and financial leaders, were escorted around Cortina sites and shown the Italian preparations for the present games.

"Decide if you can do as well or better," the Americans were told.

One informant said there was no animosity shown toward Squaw Valley.

"It was more like the IOC saying 'Let's see the color of your money,'" the informant said.

Strong Support

John Garland of Los Angeles, an IOC member as well as one of the top supporters of Squaw Valley, said "I expect no difficulty when the Squaw Valley case is presented.

"Kenneth L. (Tug) Wilson, president of the U.S. Olympic Committee, will lead off for Squaw Valley," Garland said. "Douglas Roby (of Detroit) and I, as members of the IOC, will be squarely behind Squaw Valley."

Others helping to present the valley's report of progress and to explain the money sources, include California State Senator Harold T. Johnson of Roseville; John Peirce, Sacramento, director of finance for California and special representative from Gov. Goodwin J. Knight..

Girl Scouts Hostesses At Dancing Party Here

Members of Girl Scout troop No. 3 were hostesses at a dancing party given Friday evening in the Wyethia Club which was chaperoned by Mrs. Fred Pedley.

The girls present included Frances McGwinn, Lyla Frates, Karen Smart, Kathleen York, Shirley Patton, Diana Kaspian, Terry and Kittie Ellis, Ginger Barnes, April Lander, Patty Finnegan and Terry Beck.

They had invited the following boys to share the affair; Mike Armstrong, Jimmy Osburn, Barry Leamon, Ronnie Borden, Charles Glenn, Dennis Whiteneck, David Pancoke, Joe Straube, Gene McGihon, Wade Hensley, Terry Walker, and Mike Kumle.

Important Meeting Of Tahoe Group Scheduled

KINGS BEACH— Fred Schultz, president of the North Tahoe Community Club, invites everyone interested in the affairs of east Placer County to attend a meeting of the club at 7:45 p.m. Wednesday, February 1st at Carpenters Hall.

Matters of importance to residents of Tahoe City, the Donner Summit area of Placer County. Squaw Valley and all of North Tahoe will be discussed. Members of the board of supervisors will be on hand to explain urgent issues facing the county.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

Same Weather

NO— not much to speak of this week. No drastic change in the damp and drizzly weather conditions through the week. It rains a little every night— just a little, and we are glad it isn't a lot, remembering the low-land results of the heavier down-pour. It's cloudy most of every day, and usually quite warm. Weather Observer Art Frodenberg registered the following bits of precipitation: Monday, January 16th, 1.39; on the 18th, .03; on the 20th, .12; on the 21st, .07 and on the 22nd, .02. On this Monday the lake level stood at 6227.03 feet above sea level.

Omissions

It has been brought to our attention that in last week's column the following omissions were accidentally made in some of the items: Among names of Mesdames attending the Mayfield surprise birthday party, Yvonne Bechdolt was left out, and Mrs. Bechdolt is reported to have been practically the life of the party.

2. In the item mentioning A. M. Anderson's return from the hospitanl, his expressed appreciation for greetings and flowers from friends was omitted. Please excuse omission, Red.

3. In report of long distance talk with Mrs. Ruth Droste in the east her thanks for recent letters from Tahoe friends was accidentally skipped. This we didn't intend to be, Mrs. Droste.

Water Supply

4. C. W. Vernon, manager of Tahoe City P. U. D. was very disappointed to see that his explanation of fire department questioners concerning the adequacy of the district's water supply was somehow overlooked in the report. Pre-siding at the meeting, he explained thus: "With a 500 gallon p.m. fire pump operating from the lake, and 36,000 gallons of water in the storage tanks which are fed by springs, there is definitely adequate water for any and all fire protection at any time. Directors of the P.U.D., with continued growth of the town in view, have also a long range program for gravity flow to relieve necessity for pumping."

Rotary Meets

President Steve Korich presided at the regular dinner-meeting of the Tahoe City Rotary Club, held at Tahoe Inn on Tuesday evening. There were 20 members and no visitors present. In the absence of Denis Sach, program chairman Basil Kehoe showed an informative motion picture reel depicting the inventive progress of the United States with the past three centuries, or since the landing of the Pilgrims. This progress was pictured as being brought about mainly by the enthusiastic minds of American scientists, inventors, and various other progressive personalities.

Health Improves

A letter to Mrs. Anne Anderson this week from Mrs. E. H. Pomin at the home of her daughter in San Francisco, tells of her husband's progress in health since leaving the hospital there over a week ago. Mr. Pomin is making a normal recovery from the recent attack, and his physicians advise that with time and proper rest he will eventually be as well as ever. Mrs. Pomin included their present address and suggested that any greetings or messages to her husband from Tahoe friends will add to his cheer and wellbeing. The address is 1758 24th Ave., San Francisco.

Takes Apartment

A letter from fomer Tahoe City resident Evelyn W. Bliss who now resides in Oakland, states that Mrs. Kitty Crist, widow of the late Colonel A. P. Crist, has recently sold her bay region home and will be occupying an apartment near Mrs. Bliss in the future. The Crists were Tahoe summer residents for many years in the past.

Club Meets

The Squaw Valley-Lake Tahoe ski club held their regular weekly meeting in the Community Hall here on Friday night as usual. President Bill Briner presided. There was a capacity attendance and two motion picture reels portraying winter sports activities were shown. Refreshments were served near midnight.

Plan Ball

The Tahoe City Fire Department announces a Firemen's Ball to be held at the Tahoe Inn on the evening of March 17th, St. Patrick's Day. For the occasion the ball room will be decorated in St. Patrick's motif, and there will be a real live orchestra on hand to make the music for dancing. There will be refreshments served at midnight.

London Scribe Is Not Flattering In Remark Concering Brundage

A London, England, dispatch from the United Press brands Avery Brundage, American president of the International Olympic Committee as "international sports bore No. 1."

Daily Mirror sports columnist Peter Wilson made a scathing attack on the I.O.C. president for issuing a letter in which he stressed that the "Olympic Games must not become competition among nations." That statement Wilson said, indicated fear that the United States will take a beating in the Olympics.

"Mr. Brundage is that man who lets his conscience be the athletes of the world's guide," Wilson wrote.

"If he is not kicking up a row in Melbourne about the preparation for the games, he is likely to be mixed up in some witch hunt about the expenses of a hop, step and jumper in Oshkosh, Wisc."

Wilson said Brundage, in his letter, recalled that the Olympic rules described the games as a competition among individuals, and must not become a competition among nations. This, replied Wilson, is "poppycock, tarradiddle and gobbledegook!"

SACRAMENTO (CNS)— Assembly Speaker L. H. Lincoln announced appointment of Assemblyman Thomas J. Macbride, Sacramento, to interim committees on civil service and state personnel, judiciary, and municipal and county government.

MacBride was elected at a recent special election to succeed Gordon A. Fleury, now a superior court judge.

Highway Users Tax Is Divided Among Counties

SACRAMENTO (CNS)— Robert C. Kirkwood, state controller, today announced distribution of $21,272 to Nevada county as its share of $5,757,812 in highway users taxes apportioned to counties in December.

Kirkwood said net highway taxes for November amounted to $24,877,131.

Of this amount, $2,254,107 went to cities and $16,865,212 to the state highway construction fund, besides the apportionment to counties.

The controller said the total apportionment was more than $2 million above the December figure of a year ago.

NEW ACHIEVEMENT RECORD BY BANK OFFICIAL REVEALS

A report of achievement and growth for Bank of America in the first year of its second half-century was delivered to stockholders by President S. Clark Beise at the annual meeting held in San Francisco.

"The national economy in 1955 produced goods and services at a rate never before reached," he said, "and Bank of America has moved forward impressively in this favorable economic climate."

At the annual meeting all directors of the bank were re-elected and at the directors meeting which followed all officers of the bank were re-appointed for the coming year.

Commenting on the growth of the statewide bank, Beise said that increased population in California and development of suburban communities had warranted increased banking services.

"We have opened 23 new branches during the past year to meet this need," he said, "and have enlarged, remodeled or re-located in modern banking quarters, 44 of our existing branches."

RETAIL SALES SHOW INCREASE IN AREA

Retail sales in 1954 of 345 stores in Nevada County totaled $24,889,000, according to preliminary 1954 Census of Business figures announced by the Bureau of the Census, Department of Commerce. This was an increase of 25.1 per cent over sales in 1948 of 341 stores at $19,902,000.

Stores with payroll in 1954 numbered 203, had 785 paid employees in November 1954, reported payroll of 2,351,000, and accounted for sales of $22,747,000.

Proprietors of unincorporated businesses number 360. The number of stores and their 1954 sales, grouped by major kinds of business, were:

Kind-of-Business Group

Food stores, 53, $9,381,000; eating, drinking places, 77, $1,970,000; General merchandise group, 15, $1,104,000; Apparel, accessories stores, 17, $728,000; Furniture, home furnishings, appliances, 27, $911,000;

Automotive group, 17, $3,504,000; Gasoline service stations, 45, $2,252,000; Lumber, bldg. matls., hdw., farm equipment, 17, $2,072,000 Drug stores, proprietary stores, 7, $665,000; Other retail stores, 64, $2,260,000; Nonstore retailers, 6, $42,000.

RECORD REVEALS DROP IN CRIMES DURING 6 MONTHS

SACRAMENTO (CNS)- The state bureau of criminal statistics today reported a diminishing crime rate in California for the first half of 1955.

Police officers of the state reported a total of 64,822 cases during the six-month period involving major criminal offenses.

This compared with 68,245 for the first half of 1954 and 66,270 for the second half of that year.

The bureau said the crime rate per 100,000 population was dropping. An index ratio based on 100 half of 1954 measured 91.8 for the per 100,000 population for the first first half of 1955.

According to the bureau, the most marked decrease in crime rate occurred in the southern counties of the state. In the San Francisco bay area, the number of crimes reported showed a rate of increase.

Grant Avenue in San Francisco was once named Du Pont Street, honoring Captain Samuel F. Du pont, naval officer during the conquest of California.

New Tax Forms For State Employers Are Mailed

Robert C. Kirkwood, chairman of the franchise tax board, has announced that information forms have been mailed to all employers who filed last year or who have recently requested forms IT599 and IT596.

If during 1955 an employer paid $2,000 or more to a single person or $3,500 or more to a married person, he is required to file a form IT599 to report to the state those payments.

Forms and information concerning them may be obtained from the Franchise Tax Board, 1020 N St., Sacramento 14.

KUCHEL WILL LEND TO FLOOD AREAS

Victims of California's disastrous floods would be aided by legislation which will soon be introduced by Senator Thomas H. Kuchel, (R.) Anaheim, who announced at a press conference this week that he is confident of getting the bill before a "sympathetic" Congress early in the session.

The bill would provide a Federal reinsurance program with state contributions to reimburse those who suffer loss from flood and earthquake damage. Connecticut's Senator Bush (R) will co-sponsor the legislation with Senator Kuchel.

Tahoe-Truckee School District News

TAHOE LAKE

KINDERGARTEN AND FIRST GRADE: Kindergarten and first Grade started on easel painting this week. Among the top pictures were some by: Chuck Edge, Dwight Lang, Anna Marie Conners, Denise Henrikson, Bobby Litke, Mike Dempsey, Rosemary Wray, Vicki Jones, Armen Abrahomian, and George Speeter.

SECOND, THIRD AND FOURTH GRADES: Second, Third and Fourth grades demonstrated their social studies with a border decoration, showing children from the six different countries studied.

The second Grade class evaluated purposes in a discussion while the third and fourth wrote letters to the teacher on how our class has or has not improved.

FOURTH, FIFTH AND SIXTH GRADES: This morning, we had an arithmetic test. The people who made a hundred in the sixth grade are: Jeanne Spitsen, Sharon Quinn and Fred Heggie. Fifth grade Jean Heggie, Joan Sevenair and Mike Wright. Fourth grade Galen Paine, Joe Hoxie and Kim Turner.

KINGS BEACH

KINDERGARTEN AND FIRST GRADE: First graders have been learning to tell time.

Chris Althof gave us a farm set that he no longer wants at home. We have put it aside for five or six weeks when we will start studying farming.

Children who did outstanding work in learning their ten's include: Carl Christiensen, Peter Powell, Andy Thompkins, Kathy Chastain, Martha De Gregour, Wendy Howell, and Gale Graton.

SECOND AND THIRD GRADES: Chris Althof donated several large and several small books to our classroom library.

Leta Laborde had the entire class at the home of her aunt, Miss Leta Faulkner, for a party Friday afternoon. Games were played. Refreshments of cake and ice cream were served at the close of the party. Leta's mother, Mrs. Hjalmer Laborde, assisted with the party.

Elizabeth Omlor was hurt in an automobile accident on Donner Summit. we wish her a speedy recovery, so that she may join us again.

FOURTH, FIFTH AND SIXTH GRADES: Suzanne Lucas has taken a trip to Mexico with her parents, Mr. and Mrs. Tom Lucas. The family plans to be gone the remainder of this month.

This week the members of Mr. Bisio's class welcomed a new student. She is Jaquiline Hanklins who comes from Yuba City. She and her parents will stay in this community until her damaged house is repaired.

The Kings Beach P.T.A. met at the school Thursday night for their monthly meeting. Plans were made for a Founders Day Pragram.

TRUCKEE ELEMENTARY

KINDERGARTEN: This week, after hearing the story of the Three Liittle Pigs again, we made a straw house. We used milk straws mounted on finger paint, which we tinted green for lawn. Jerry Neugebauer made our plan, and his helpers were Diane Daly, Kathie Hart, Shelia Smotherman, Pamela Horman, Susan Schuler, Barry Waterse and John McGlade.

FIRST GRADE: Most of the class is back in school after a seige with colds..

Eddie Steele, Russell Glenn and Timmy McLane have had birthdays recently. Timmy Mclane has returned from a visit with his grandmother in Stockton.

SECOND GRADE: During the inclement weather we have been playing singing games indoors in physical education.

THIRD GRADE: We have received two new albums of records. Folk dancing and rhythms have been enjoyed during the wet, cold weather.

Those pupils making one hundred in spelling were: Tony Kenyon, Gerri Steele, David Saroni, Steve Davis, Bryon Ireland, Douglas Hagens, Jimmy Roth, Gary Sturcke, Judy McGwinn, Nicolasa Marroquin Sheila Larrivee, Marcia Leamon, Carol Kunkler and Gregory York.

FOURTH GRADE: Our physical education is held in the room when there is too much snow.

We are learning to dance the Virginia Reel to calls. Toni Hallett and Bobby Frates were outstanding "head couple" last dance day.

FIFTH GRADE: Since the weather has been wet and snowy, we in the fifth grade have been dancing and having relay races in our physical education periods.

Kittie Ellis and Lloyd Kunkler; Shirley Patton and Gene McGihon; Pamela Rose and Dennis Whiteneck; Virginia Barnes and Joe Straub; Janice Roth and Jerry Kirby were the five best couples.

SIXTH GRADE: Our class enjoys ballroom dancing for physical education during inclement weather. Charles Glenn, Terry Walker, J. C. Roberson, Karen Smart, Terry Ellis, Barry Leamon, Dee Frates and Francie McGwinn are becoming smooth dancers.

Second Half Of Water Fowl Season Washed Out

Like almost everything else, the second half of California's split waterfowl season was washed out by the December storms, the department of fish and game reported.

Central Valley floods closed two of the state's public shooting areas and scattered ducks and geese out of reach of the hunter. Up to that point it had been an excellent season with the first half far above the 1945 figures.

For the season which ended January 15, 48,410 hunters bagged 99,107 birds for an average of 2.8, still better than the 2.3 average per hunter day during the previous season.

LAY SCHOOL BOARD WILL BE ELECTED

The first elected lay County Board of Education will take office in Placer County as well as in the other counties in the state not governed by a county charter July 1st. Members will be elected on May 18, the same date as school trustee elections.

The board will be composed of five or seven members, will be voted on by the county at large, but members must reside in designated trustee areas. The county committee on school district organization must establish the areas as well as deciding the length of terms and how the terms shall be staggered. These determinations shall be filed in writing with the board of supervisors not later than March 1st.

No employee of a school district, couty superintendent, or a member of his staff is eligible for membership, but the county superintendent is ex-officio secretary and executive officer of the board.

The board is required to meet not less than once per month, approve teacher's certificates, adopt and list of apparatus, review and make recommendations on the budget of the county superintendent, and approve contracts.

In California's first motor vehicle registration year, March 22, 1905 to June 30, 1906, a total of 6528 vehicles was registered.

Aid Flood Victims

A contribution of $7,500 to the American Red Cross in its campaign to help the people in flood-devastated areas of Northern California has been made by Bank of America, it was announced today by Julian R. Davis, vice president in charge of Public Relations at the bank's San Francisco head office.

Recruiter

A U. S. Navy recruiting representative, Chief Petty Officer D.C. Robertson, will be in Truckee at the post office on February 10th between the hours of 1 p.m. and 2 p.m. to accept applications and to answer any and all questions pertaining to the United States Navy and it's various programs.

Super-refined Pearl Oil burns clean without smoke, soot or odor . . . leaves no film on furniture or walls. Result: housework is lots easier. With Pearl Oil the flame won't creep . . . instead you get a steady, hot flame . . . and, of course, more heat for your money.

For stoves, heaters, lamps or brooders you can't beat the trouble-free performance of Pearl Oil, the King of Kerosenes. It's also widely used for cleaning machinery and wiping greasy surfaces.

WHAT'S DOING

Charles F. Berlenbach, Jr., Telephone Manager in Truckee

GLADYS QUAM APPPOINTED EVENING CHIEF OPERATOR IN TRUCKEE

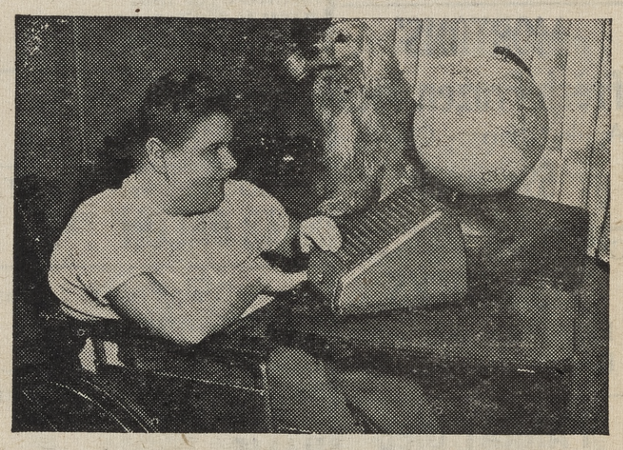
Mrs. Gladys quam has recently succeeded Mrs. Dorothy Morhain as Evening Chief Operator. Mrs. Morhain was transferred to Quincy where she is to be new Chief Operator.

Mrs. Quam assumes the same duties in the evening that the chief has during the day. This area is not new to Mrs. Quam as she has resided in Truckee and Lake Tahoe since 1935. She worked in Truckee as an operator from 1951 to 1954. Since that time she has worked in the capacity of Agency Manager in Tahoe City.

She is presently living in the Truckee Hotel until she can find permanent quarters.

Our Wire Chief, Bill Williams is back on the job after an absence of six months due to a serious foot ailment. Welcome back Bill.

* * * * *

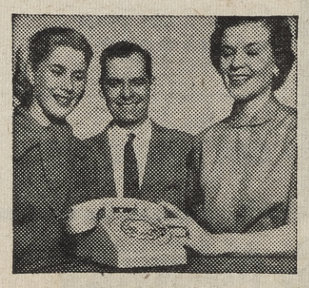


"Shut-ins" go to school by telephone

For many ill or handicapped children facing long confinement at home, there's a new interest in life these days. Thanks to school-to-home telephone service, they can now "attend" classes regularly. A speaker-microphone is put in the classroom and another in the home. They're connected by a private telephone line. The student at home hears everything his teacher and classmates say, and they hear him. As one youngster says: "Before, I just did my lessons at home and that was that. Now something new happens every day." The men and women of Pacific Telephone work to make your telephone more useful every day.

* * * * *

New beauty and convenience for your home with color telephones



Wouldn't you like to have extension telephones in beautiful colors in your home? Well, it's a simple matter to order yours. Just call your telephone business office. You have a choice of eight full colors—red, ivory, brown, green . . . blue, beige, yellow, or gray—and two-tone combinations. With color telephones in your living room, bedroom, kitchen, and any other room you use a lot, you'll enjoy new ease of living. Cost: After a single installation charge, you pay only $1.00 a month for each extension. So why not call us today.

HOW TO INCREASE CALIFORNIA'S RECOVERABLE OIL RESERVES

We believe every citizen and taxpayer has a personal stake in the Oil and Gas Conservation Initiative

A huge increase in California's recoverable oil reserves will result from an oil conservation measure for which title has been approved by the Attorney General.

Prohibits Waste of a Vital California Resource

This initiative differs sharply from other oil measures brought before the public in the past. It does not permit market demand curtailment and proration. It is designed solely to give the oil industry legal tools, to match its know-how, to carry out production practices necessary to enable the industry to be good stewards of California's oil reserves.

Insures continued high employment

It will enable a majority of the operators in a field to bring about practices which will prolong immeasurably the lives of fields in which they are employed, insure continuing employment to those in the industry far beyond present expectations, and provide a strong bulwark for the cornerstone represented by oil production that underlies California's whole economy.

Oil means three billion dollars in pocketbooks of Californians

The public welfare involved in good oil conservation is indicated by the fact that in 1954 the various petroleum products derived from California oil production added about three billion dollars of new wealth to the State.

For two years Richfield has conducted a public information program about oil.

As a public service and in our own self-interest, we have been telling the people of California how tremendous quantities of recoverable oil are being wasted by being left unrecovered in the ground.

Richfield engineers have told meetings of women's groups, community leaders and conservation groups how the physical waste of oil could be prevented, and the size of the public's stake in good oil conservation practices.

These meetings have always ended with strong expressions of support for action that would protect the public interest in this vital natural resource.

Public has demanded this constructive action

It is because of the very favorable public response to the information program that we decided to sponsor an initiative measure for an oil conservation law and bring the matter directly before the people.

Not enough new pools are being discovered in California to keep oil production equal to ever-increasing demand. We are now sending dollars abroad for the purchase of oil—dollars that would otherwise be circulated among our own people in payment for goods and services of all kinds.

Initiative provides only sure way to keep California's oil prosperity

There is one sure way to increase California's reserves of recoverable oil and thus assure California of continued prosperity. That way is unit operation in as many oil pools as possible. California producers need the law to facilitate unitization.

My associate, R. W. Ragland, and I are the sole sponsors of the initiative petition. But discussions which we have had recently with other oil people indicate that a majority of the industry will support the proposal.

We expect the measure to qualify for the general election ballot, November 6, 1956.

Chas. S. Jones

PRESIDENT...RICHFIELD OIL CORPORATION

Electricity *proves most* Efficient

—— 0 ——

Technical Bullitin No. 1073 of U. S. Department of Agriculture entitled "Comparative Utilization of Energy by Household Electric and Liquefied Petroleum Gas Ranges, Refrigerators and Water Heaters."

Results of the researchers of the U. S. Department of Agriculture indicate that electricity is far more efficient for all three purposes.

FOR COOKING, the study showed that bottled gas ranges used: 1.6 to 2.34 times as much energy (measured in BTU's) as electric ranges for top-of-range cooking: 1.89 to 2.48 times as much energy in oven operation, and 1.82 to 2.33 times as much energy for combined top and oven operation.

Bottled gas **REFRIGERATORS "used** considerably more energy under all conditions of test than did electric ones," the study showed and gas **WATER HEATERS** used from 1.49 to 2.22 times as much energy as electric units.

AND

Electricity for Cooking and Heating is CHEAP

By JUDGE HARRY CHARRISON

Lions

The members of the Lake Tahoe Lions Club had a delightful dinner and meeting at the Tahoe Biltmore Club at Crystal Bay through the courtesy of Bob Vernon, manager of that Hostelry. Pre-meet was held at Marlo Brown's beautiful apartments at Kings Beach. The next pre-meet will be held at the home of Ray Besseo on the Truckee Short Cut at 6:15 p.m. and the meeting will again be at the Biltmore Hotel.

Very Nice

One of the most interesting things these days is to watch for the weather reports. Well, twice yesterday we were told what the weather would be like for the next thirty days. It calls for a little warmer than last year and about the same amount of precipitation up to the middle of February. It has certainly been mild here and as I look out of the window I can see clear roofs with hardly any snow. We had a little rain this a.m. and then sunshine beautiful.

Olympics

Was reading an article by my friend Pat Robinson. He says of the Olympics: "One thing in California, they won't freeze as they might in Switzerland, Sweden, or Italy. Why at Mount Rose, which is closer to Squaw Valley than Reno, you can play golf in your shirt sleeves and at the same time watch skiers shooting down the slopes nearby. They-ve got motels galore there, and around Lake Tahoe, come to think of it. Those lucky Californians ain't kidding when they say they've got everything to make life worth living, so in 1960 it will be a case of California, here I come."

Returned

Well, I see the L. S. Streepers of Woodvista Lodge, Kings Beach, are back home after a few weeks spent in Southern California, where Larry underwent an operation. We are mighty glad to find that he is, in his words, feeling better than he has for years. Glad to see them back again.

Trade Winds

Saw Bill Dugan fixing up the Trade Winds. Joe Ross says he is going to make it the cosiest place in town. George Ridgeway, behind the counter, is doing a swell job, as is his wife Bea in the kitchen.

Getting Better

Saw Earl Nelson today, and he is still hobbling around, but is improving from his injury of sometime ago. They will leave this week for a few weeks with the first stop for a few days at Auburn, and then on to Sacramento, for a short while, before leaving for Southern California. Most of the time will be spent at Cathedral City and thereabouts, coming home around the beginning of March.

Short Stay

Wyman and Beverly Williams of Pasadena and Kings Beach, were here for a few days. They both took in some skiing at Squaw Valley and pronounced it in good condition and were also glad to enjoy some good fresh air.

Glad to be Back

Had a friendly visit with Jeanette Mitchell last week. I have to confess I have never seen her looking so well. We all hope she will stay for a while as it's hard to get along without her.

Students

Students from Stanford were here last weekend and I would estimate there were about 400. They had, I understand, a winter carnival, sports at Squaw Valley, living quarters at the Tahoe Biltmore and eating at Monte Carlo. A happier crowd it would be hard to find. Most of the resorts were filled. Larry Ludlow tells me he was filled up. It was quite citified with the highway filled with buses and cars, and the weather was ideal.

Prison

Dick and Ruth Lavery had a few days in the bay area last week. Dick had a very pleasant experience. He was a guest of Warden Murrigon of Alcatraz Prison and he wants to warn anybody that happens to wander in there for a vacation, will have a pretty tough time getting out. It seems to be pretty much of an iron clad institution. Anyway, one will have to graduate with top honors to be on the outside.

Register

Ruth Lavery says if you are a citizen and a good one, it is your important duty to register. Important changes are coming up this year, and it is election year. Yeu can register by going to Mrs. Lavery either at the Kings Beach Laundromat, or at her home in Carnelion Bay. DO IT NOW.

March of Dimes

Peggy Rhodes of the Ladies Auxiliary of the Post 7177, V.F.W., with headquarters at Crystal Bay, informs me there will be a canvas of March of Dimes on Tuesday, January 31st between the hours of 7 and 9 .m. in Kings Beach, Carnelian Bay and Tahoe Vista. You will you please leave your porch light on for the convenience of the lady canvassers. Last year the response was magnificent, so let us go over the top again, maybe we can better our own record. It will be appreciated by those little unfortunates. Help us, won't you?

Paoli Visits

Placer County Supervisor Frank Paoli made a visit over the weekend. Frank, since taking over seven years ago, has made some startling progress. All we have to do is to look over the area since that time. Thanks, Frank.

Lots of Visitors

Well, it's Sunday night, the buses are all leaving after their weekend stay. It is estimated that there was in the neighborhood of 1000 skiers and visitors up around Kings Beach, Tahoe Vista and Crystal Bay. Most of the resort owners are jubilant, and it is reported there will be many more next weekend.

More Residents

Barbara Mallory is as tickled as can be. Why wouldn't she be? She has her mother, Mrs. Cris Beyler of Montery Park, and also had her sister up for a short stay and her husband Jack Boatman of Rosemead. I hear they have four children. That will raise the number of young students at the grammar school. The best of it is they intend to make this their all-year residence, come April.

Club Meet

There will be a meeting of the North Tahoe Community Club at the Carpenters Hall on Wednesday at 7:45 p.m. This is a most important event and items of the utmost importance will be discussed. Supervisors Frank Paoli and A. A. (Andy) Anderson will be in attendance.

TRUCKEE CHAMBER OF COMMERCE

Work Started On Road Damage Near Baxters

SACRAMENTO (CNS)- The state department of public works announced work has been started on a trestle to carry traffic over a slipout on US 40 in the Sierra about half a mile west of Baxter.

The department said construction of the trestle will take about three weeks.

Upon completion, the highway will be open to commercial traffic. At present, the detour around the slipout is limited to light traffic.

High School Skiers Take Honors At Cisco Session

(By Gordon Butterfield)

After a mediocre third place showing the previous Saturday in cross country racing at Cisco Grove the Tahoe-Truckee Wolverine ski squad bounced back with a fine team effort last Saturday and decisively won the second meet of the current league schedule.

Led by Captain Kit Schull, who placed second despite a time consuming first run fall, the squad skied consistently well enough to win the meet on the strength of their second run performances.

At the conclusion of the first run, the Reno Huskies team, led by Sam Salmans, were in the lead over Tahoe-Truckee by a margin of over four seconds. Lee Vining High School, league champions for the last two years, were in third place. Placer Union and South Tahoe were well back in the running in the whole race.

The running of the second slalom run proved to be exciting as Tahoe-Truckee overcame the four second deficit and went on to beat Reno by over fourteen seconds. Lee Vining also pulled up on Reno and squeezed them out to the tune of a three second margin to place third.

The Wolverine team victory was made possible by Kit Schull, Mickey Hogan, Rex Donaldson, Dennis Hogan, Gary Anderson and Bob Strickland who placed second, fifth, sixth, eleventh, thirteenth and seventeenth respectively.

The team percentage scores are as follows: Tahoe-Truckee 100%; Lee Vining, 97%; Reno, 95%; South Tahoe, 81%; and Placer Union, 66%.

Assistant Ranger For Sierraville Announced

Paul F. Madden, Jr., of the Six Rivers National Forest, has been designated to fill the position of Assistant District Ranger on the Sierraville Ranger District, Tahoe National Forest, L. A. (Gus) Rickel, forest supervisor said.

Madden replaces Craig A. Griffen who was promoted to the position of District Ranger, Goose Lake District on the Modoc National Forest.

Little At Bar Meet—
Richard N. Little attended the Nevada County Bar Association meet held last week end in Nevada City when Robert Schiffner was reelected as president.

CHURCH NOTES

Sunday is Youth Day in the church. The young people will have a part in the Sunday morning worship service. Rev. Osman will still offer the sermon for the morning called "Youth Without Jesus Means A Church Without A Future".

There will be no MYF meeting either on Sunday or Monday evening. They will meet again on Feb. 5th and 6th with other adult supervision.

The pastor, Rev. Osman, and his family will be leaving on a vacation starting Sunday evening. For most of the time from Jan. 30th to Feb. 15th they will spend their time at the home of Mrs. Osman's folks in Placerville (Lloyd Austin's). For a short time, from Feb. 7 to 9 they are planning to attend the Earl Lectures and Pastoral Conference at the Pacific School of Religion in Berkeley. While away there will be some work done to the living room of the parsonage by some of the laymen.

Eugene Risden is scheduled to preach the two Sundays the Osmans are gone.

Elected again, so here I am back at the old desk once again. I certainly appreciate the vote of confidence all of you people have given me. It is an honor to be of service to one's community, and I will continue to serve to the best of my ability. The years ahead are momentous ones and there is enough work and planning to be done, that we all should be kept busy these next few years, that is if everyone is willing to carry his or her share of the load.

If our community is to grow and prosper in a well organized manner so that all of our citizens reap the benefits to which they are rightfully entitled, we must all work together and the place to work is your chamber of commerce, attending meetings, accepting assignments, serving on our various committees, in short— community service for all.

We are in the process of preparing the ballots for the election of your new Board of Directors. They will be in the mail sometime this week to all paid up members for 1955. Please return these ballots with your selections not later than February 10th. The Sierra Sun will carry the results of your balloting, and the new directors will be notified by mail. Make your selections carefully as we want a very active board of directors, and I'm sure that you do too.

There has been a good deal of vocal cord exercising going on the past few weeks, concerning the pros and cons of incorporating this community of ours. Your chamber has not taken an official position on this proposal, but we have unanimously agreed that an impartial survey should be made at this time to determine the feasibility of incorporation. All the facts from the most reliable sources at our disposal, should be gathered together and placed in balance sheet form, then the people can decide whether they want to govern themselves or continue to be under the thumb of the County Board of Supervisors. One thing that is clearly understood by most of us is that we pay the third highest tax rate in Nevada County, being exceeded only by Nevada City and Grass Valley, both of which are incorporated cities.

In terms of assessed valuation, the Fifth Supervisoral District, which is our end of the county has one third of the assessed valuation of the entire county. My question to you is, "Are we getting our money's worth, in benefits and returns on this tax money that we pay into county coffers each year?" I say no— we are lucky if our return is one ninth— what do you say? The Board of Supervisors even refuses to give us proper police protection, even at the risk of losing some of those very tax dollars they are spending for us each year. The proper protection of life and property is everyone's right under our constitution, and I for one believe that we should demand it, or else refuse to pay for services not rendered.

The basketball league sponsored by the Truckee Athletic Club is once again under way and I want to urge you all to attend some of the games, they are better than ever this year. This worth while community project deserves everyones support.

—Hal Welch

Gives Recital
Emola De Gregorio of Tahoe Vista gave an organ recital at Squaw Valley Lodge over the weekend and was enthusiastically received by the assembly. Emola is organist at the Lady of the Lake Church of Kings Beach.

Mr. and Mrs. Harry Stout returned from Auburn this week where they report the earth is very spongy with absorbed moisture from continued rain.

To City—
Mr. and Mrs. Everett O'Rourke are planning to leave for a trip to San Francisco today.

Anniversary for Arvins—
Mr. and Mrs. Burke Arvin observed their 11th wedding anniversary last Thursday.

Bornemans on Business—
Mr. and Mrs. Tom Borneman and sons of Greenville were business visitors here last week. They were house guests of Mrs. Cecil Clepper.

by EDGAR RICE BURROUGHS

NIGHT CAME. THE PRISONERS WERE BOUND AND GAGGED, AND WALKER FORCED ABRAHAM TO START A PROCESSION TO THE TEMPLE.

A SOLEMN GROUP OF MIDIANS ENTERED THE CAVE AND BOWED REVERENTLY BEFORE THEIR SACRED GODDESS. ONCE AGAIN TARZAN GAZED AT HER IN FASCINATION--

BUT THE IMPATIENT WALKER SOON BROKE THE SPELL. "ENOUGH STALLING," HE SNARLED. "PROCEED WITH THE CEREMONY!"

ABRAHAM RELUCTANTLY STEPPED OVER TO THE EDGE OF A DARK AND OMINOUS HOLE. "BRING FORTH THE VICTIMS," HE SAID, SIGHING...

DICK VAN BUREN JOHN CELARDO

...MEANWHILE, THE MAN SLADE SHUT HIS FEMALE HOSTAGE IN A CABIN, THEN BROUGHT THE BOAT IN TO DOCK.

THEN, ACCORDING TO PLAN, HE RAN UP TO THE VACATED MIDIAN VILLAGE AND SET IT ON FIRE!

THE TROUBLE WITH OUR PRODUCT IS: WHO WANTS TO BUY SOAP WITH A SLOGAN, "THE SMELL THAT SURROUNDS YOU!"

THEN WE'VE GOT TO RE-EDUCATE THEM! I WANT BOOMERANG SOAP TO MEAN MORE TO MEN THAN A SMILE FROM MARILYN MONROE--- MORE TO WOMEN THAN A MASH NOTE FROM GREGORY PECK-- AND MORE TO KIDS THAN A TRUNKFUL OF BUBBLE GUM!

HOME OF BOOMERANG SOAP
THE SOAP THAT FIGHTS BACK

I DON'T HAVE TO FIGHT! BOOMERANG DOES ALL THE DIRTY WORK FOR ME!

Throw him a curve--use BOOMERANG SOAP!!

CAN YOU PASS THE SNIFF TEST? he can-- HE USED BOOMERANG SOAP!

THESE ARE THE ADS WE USED LAST YEAR AND OUR SALES DROPPED SIXTY PER CENT!

WE'VE PROVEN BY LAB TESTS THAT BOOMERANG SOAP REDUCES NAGGING AT HOME, DOUBLES YOUR SEX APPEAL, INCREASES THE CIRCULATION--- AND STILL THE PUBLIC WON'T (CHOKE) BUY OUR PRODUCT!

N.Y. 5568654

NOW STUDY THESE LOATHSOME BUMS, SIR. WHAT WOULD YOUR REACTION BE IF I TOLD YOU EVERY ONE OF THESE TRAMPS USED BOOMERANG SOAP?

I'D DIE DIRTY BEFORE I TOUCHED THE SOAP THAT THESE (UGH) LOUTS USED!

EXACTLY!! AND IF WE COULD PRODUCE A HUMAN SPECIMEN SO UNSAVORY HE WOULD TURN YOUR STOMACH AND SAID--

THIS TERMITE ON THE TREE OF LIFE--THIS CLINKER IN THE MACHINERY OF HUMAN PROGRESS--SUPPOSE I TOLD YOU AND THE PUBLIC--
